Points of Agreement

1. **Engagement :**

[School's Name Here] wishes to engage Sigma Publications Ltd to provide PDF versions of Sigma's workbooks for use by their students on their personal electronic devices.

2. **Fees for PDF Files Usage :**

Sigma Publications Ltd agrees to supply PDF files of the required workbooks for an agreed yearly user license fee. To establish their yearly user fee, [School's Name Here] will provide Sigma Publications Ltd with a list of the Sigma workbooks they wish to use and also provide their best estimate of the number of students that will use each workbook.

3. **The Per Student Fee :**

The fee per student for the use of a Sigma PDF workbook will be advertised each June in Sigma's book catalogue and on Sigma's web-site. The fee covers a student for use of a single PDF workbook for a school year (1st Jan – 31st Dec).

4. **Teacher Files for Free :**

Sigma agrees to allow the teachers of each class using our PDF workbooks to download a copy for their **personal use only**, for no fee. Teachers agree to **delete** this file at the end of the school year. Teachers **agree not to use** any material contained in Sigma workbooks for the construction of their own teaching resources or with any student user not covered by this agreement.

5. **A Renewed License Each Year :**

A school's **User License** expires on December 31st each year. Schools **must renew** their user license for the subsequent school year and receive NEW dated files for use with pupils.

6. **New Dated Files Each Year :**

Each page of every Sigma PDF workbook will be dated with the year of the school's current user license. Students must only use files dated with the **current school year**. Upon renewal of their user license for a subsequent year, Sigma will supply the school with fresh files dated with the year of the new license. Schools should dump older files off their servers.

7. **Schools Deleting Out-of-License Files :**

Under this school user license and the current New Zealand Copyright Act (1994) [School's Name Here] **may not** use any Sigma PDF Workbook files dated with the year of an expired license. Any older files existing on school servers that do not have a current user license in place, should be **deleted**. Files associated with expired licenses **must not** be distributed to students.

8. **Students Retain Their Own PDF Workbook :**

Students may retain the copy of the Sigma PDF workbook they have worked on during the year. This exception will allow them to review past work. However, students must be made aware that under copyright laws they **may not** pass this file on to others including family and friends.

9. Licensor’s Obligations :

Sigma will email the school contact person a **page link code** which will access [School’s Name Here] own PDF workbook download page on Sigma’s website. From here teachers will be able to download any of the current versions of the titles they have purchased the rights to. Access to this download page will **expire** on 31st December each year.

10. Licensee’s Obligations :

[School’s Name Here] agrees **NOT TO DISTRIBUTE licensed files** to the following :

- a) Students at [School’s Name Here] beyond the number of **licensed users** purchased in the school’s current user license.
- b) Other staff at [School’s Name Here] not directly associated with user classes.
- c) Teachers and staff of other schools (refer them to Sigma).
- d) Members of professional subject associations (local and national) to which teachers or staff belong (refer them to Sigma).

Schools should inform student users that the terms of the school user license allows them to use their Sigma PDF workbook under the school’s direction for the duration of one year and that they will be able to keep their ‘worked-on’ files after that period.

They should also be informed that New Zealand copyright law restricts file copying beyond the conditions contained in this license document and that illegal distribution activities could make them and their school liable for prosecution under the Copyright Act 1994

11. Copyright Conditions :

Sigma Publications Ltd asserts its rights as copyright owner of all PDF material licensed under this agreement, as laid down in the Copyright Act 1994. Schools signing this agreement agree to allow our agent, Copyright Licensing Limited, Auckland, to investigate any suspected breeches of copyright during the terms of their current license.
