

Sigma Publications has made a range of their paper workbooks available as interactive PDFs. These files are especially valuable for BYO Device classes.

Students are now able to use their BYO devices to complete tasks in Sigma's Action English workbooks by using any PDF Reader/Writer programme e.g. Adobe Acrobat. Schools will need to arrange a Sigma yearly PDF User License.

Licenses allow each BYOD student the use of one Sigma title for a year. Schools will need to negotiate the renewal of their User License at the beginning of each new school year.

After completing licensing formalities, the school will be permitted to download the full PDF files from the Sigma website server and are free to distribute an agreed number of student copies within their school via their own intra-school systems.

Sigma's Interactive PDF Workbooks feature :

- ◆ Detailed instruction boxes
- ◆ Plenty of practice questions
- ◆ Good sized answer spaces
- ◆ Several PDF versions of each book
- ◆ Many worked examples
- ◆ Separate answer files
- ◆ Extra low cost per student
- ◆ e.g. 8x Separate chapter files
- ◆ Use with any PDF editor

Series Now Available for BYO Device classes.

Years 3-11

Author :

Action English Workbook Series PDFs

Lorraine Davis

These write-on PDF workbooks provide English departments with the opportunity to develop the written language skills of their BYO device students.

Curriculum Level :

The Action English Workbook Series is based on the Written Language strand of the New Zealand English Curriculum. The **8 titles in this series** cover the written language skills outlined in levels 1 to 5 of the the curriculum document.

Contents Includes :

Titles provide chapters covering the following : word classes, punctuation, language skills, dictionary skills, written language, comprehension and research skills.

NCEA -Level 1

Author :

English NCEA Level 1 Achievement Standards PDFs

Susan Battye

These write-on PDF workbooks provide English NCEA Level 1 candidates with the opportunity to study their selected AS units on their BYO device.

Syllabus Level :

There is an **interactive PDF workbook available for each of the eleven** Level 1 English Achievement Standards. Content is based on the New Zealand NCEA Level 1 English syllabus.

Features :

Each PDF workbook contains detailed instruction boxes teaching the key skills for the achievement standard, with worked examples. There are plenty of practice tasks for classwork or homework and a comprehensive set of task answers. Students will also find model exam answers showing reasons for awarding grades. These PDF workbooks would make an excellent resource for the revision of any external assessment.
